Exhibitions:

In addition to having our purpose built venue, we can host your event in other areas of the circuit such as our paddock or airfield. We can also arrange bespoke structures for your specific needs.

We have 400 acres of land to be utilized for exhibitions, product launches and displays.

We can also arrange to have the Grandstand open on your exhibition day so that your visitors can watch the action on track.

The extensive grounds can be used for team building events and corporate fun days, with free parking.
